- 9638 Minutes of the meeting held on 8th March 2011**
The minutes of the meeting held on 8th March 2011 were agreed as accurate and signed by the Chair.
- 9639 Opportunity for public comment**
Two members of public wished to speak against the application WD/2011/0422/F application for 46 High Street Polegate BN26 6AG, Change of use from A2 Financial and professional services to A5 hot food take away.
- Comments were made on 10 restaurants already in the High Street and this would make 11, 5 already provide a take away service. Parking is already an issue with double yellow parking and on the pavement. Having an 11th food outlet would do nothing to regenerate the High Street, which residents of Polegate would like to see. He felt that more time should be taken to explore letting that premises to a retail rather than food outlet.
 - Comments were made on parking issues which were already a problem in many areas of the High Street closer to the crossroads and any more car parking from further up the High Street across the railway line would cause problems. The member of public stated that he understood that a fast food outlet cannot be located within 400m of a primary school.

- WD/2011/0422/F**
46 High Street Polegate BN26 6AG
Change of use from A2 Financial and professional services to A5 hot food take away
A discussion took place regarding parking, fumes, litter and the wish not to have more take-away shops.
Standing order suspended

A member of public commented on the need for a very high chimney stack to comply with regulations.

Standing orders reinstated

Objections and comments as follows:

Many comments were raised with regards to parking issues- Statements made by the applicant about the location of potential parking were considered questionable. Council have concerns over fumes wafting over heavily residential area. Contrary to SH3 (3) of the Wealden Local Plan. Parking reasons given by the applicant are considered to be invalid, it is highly likely that patrons would park on the kerb rather than walk/park further away. The Chimney stack is not considered to be sufficiently high and if it were to be made sufficiently high it would have a detrimental affect on the street scene Contrary to EN27(1). The premises is within 400m of a primary school. The area is within the main shopping area and retail outlets should be encouraged rather than fast food shops. Contrary to SH1 and SH2(1) of the Wealden local plan. The flu height that would be required is contrary to EN27(1) and BE1 of the non stat Wealden local plan. VOTE All in favour of submitting the above objections
