Present: Cllrs. T. Voyce (Chair), S. Barber, Mrs C. Berry, G. Carter, Mrs M. Piper, J. Rogers, A. Watkins.

1 member of the public

In Attendance: Cllr. Mrs J Voyce

---

**8450 Apologies**

Apologies were received from Cllr. Wright.

**8451 Declarations of interest in any items on the agenda**

Cllr. Watkins declared a personal interest in application WD/586/CM and took no part in the discussions.

Cllr. T. Voyce also declared a personal interest in application WD/586/CM.

**8452 Minutes of the meeting held on 27 January 2009**

The minutes of the meeting held on 27 January 2009 were adopted as a correct record and signed by the Chair.

**8453 Matters arising from the meeting held on 27 January 2009**

There were none.

**8454 Planning applications:**

**WD/586/CM Town & County Planning (General Development Procedure) Order 1995 – Variation of planning condition no. 4 imposed on planning permission no. WD/427/CM to provide for the processing and transfer of waste materials listed in the Environment Agency site licence no. EAWML 19647. Cophall Wood Waste Transfer Station, Hailsham Road, Polegate.**

It was proposed, seconded and agreed by all to suspend Standing Orders to allow the proprietor of the Waste Transfer Station to address the committee.

**STANDING ORDERS SUSPENDED**

Originally ESCC were the determining planning authority as well as having responsibility for overseeing the type of waste that was permitted on site. In 1995 the Environment Agency became the regulatory authority for overseeing the site and the County Council was responsible only for planning matters relating to the site. The original planning condition stated 'building and construction waste' only.

The Environment Agency carried out an environmental audit of the site and granted a new site licence. The licence, as attached to the planning application, lists the particular types of waste that the site can take.

The object of the planning application is to regularise the licence with the planning conditions, i.e. for the planning conditions to mirror the licence from the Environment Agency.

It was further clarified that when the waste is received at the Station it is broken down into hazardous and non hazardous items. Hazardous items such as tyres, asbestos, paint, fluorescent tubes, fridges and freezers etc. are removed to specialist sites for recycling etc. There would be no difference to the height or size of the stock piles.

A system to monitor loads is in place to ensure a maximum of 360 deliveries per week. A comprehensive planting scheme is proposed to screen the site. It was also noted that a good part of the 30m scree fronting the site was compulsorily purchased for the dualling of the carriageway.

The Chair thanked the proprietor for his input and reinstated Standing Orders.

### **STANDING ORDERS REINSTATED**

Following discussion it was agreed that members had no objections to this application.

### **NO OBJECTIONS**

**WD/2009/0203/F** 35A Greenleaf Gardens, Polegate. Conversion of loft space into habitable accommodation. New conservatory to rear. **Amended plans** accurately showing existing rear dormer window and **amended** second floor plan. Drwg. nos. 03A and 04C dated 18 February 2009.
